ABILITY NB VEHICLE RETROFIT PROGRAM

DESCRIPTION

The Ability NB's Vehicle Retrofit Program is designed for access to transportation to increase the mobility of persons with a disability that are residents within the province by financially assisting in the retrofitting of vehicles.

Some examples of features eligible for assistance under the program include the following:

- Wheelchair/scooter lifts and ramps
- roof, floor and door alterations (if part of an accessibility retrofit)
- special needs seating
- hand controls
- wheelchair tie down and occupant restraint system

Funding may also be provided towards the cost of eligible accessible features included on new vehicles.

Not included in the program are non accessibility features that can be purchased as standard options on vehicles directly from the manufacturer. Examples of such features are as follows:

- air conditioner
- insulation
- automatic transmission
- cruise control

AVAILABLE GRANT

80% of the cost of eligible accessibility features for a new or existing vehicle to a maximum total grant of \$8,000.00. Taxes are the responsibility of the applicant. Sales tax on some accessibility features may be rebated by the Department of Finance, Province of New Brunswick. Renewable every 8 years for individuals, 5 years for organizations.

Note: The grant must be used within 6 months from the date on the letter of approval. It is the responsibility of the applicant to request an additional 6 month extension if required otherwise, the grant will expire and a new application will be required.

ELIGIBILITY

- (a) Individual Residents of New Brunswick
- (b) Registered Non-Profit Organizations
- (c) Municipalities of New Brunswick
- (d) Private companies providing transportation service to disabled persons within New Brunswick
- (e) Must be primary personal use vehicle

TERMS AND CONDITIONS

1. Ability NB will review applications and recommend eligible projects to the Minister for final approval. Projects will be measured according to the conformity with Program eligibility criteria as well as the Terms and Conditions.
2. Ability NB may consider more than one application per applicant; however, when a total of \$8,000.00 in assistance has been approved for an individual there will be no further funding until the 8 year period has expired.

3. To be eligible for a grant the vehicle must have a valid Safety Inspection Sticker. Ability NB may require an inspection prior to approval of a grant.
4. Proof of vehicle registration must be provided with the application.
5. The funds from this program may not be used for the purchase of a non-accessible vehicle or for the purchase of second-hand equipment. Eligible accessibility features on a new vehicle may be funded.
6. Individuals applying for a grant shall provide with their application a list of accessibility features as recommended by an occupational therapist. or in the case that an occupational therapist is not available, a physician. The application must bear the signature of either the occupational therapist or the physician.
7. Applicants shall provide two quotations from suppliers, illustrating cost estimates to supply and install the accessibility features. The contribution from Ability NB will be based on the amount of the lowest acceptable quote. Should the applicant want to obtain the services of a company with a higher quote, the difference in price shall be the sole responsibility of the applicant.
8. **This program is not retroactive.** No financial commitments should be made by the applicant in anticipation of approval. Accessibility features to be cost shared must have prior approval of Ability NB before any work is carried out on the vehicle.
9. Ability NB will not provide funding for maintenance and repair of equipment. It shall be the responsibility of the applicant to keep funded equipment in good and safe repair.
10. (a) Ability NB shall forward the total amount of the grant upon submission of an invoice and proof of work completed.

(b) The contribution cheque may be made payable to either the supplier or the applicant.

(c) Accessibility equipment must be installed according to manufacturer's installation instructions and meet CSA (Canadian Standards Association) Standards or SAE (Society of Automotive Engineers) Standards. Hand controls must meet Standard CAN/CSA-Z323.1.2-94 (R2003) Automotive Adaptive Driver Controls (AADC) for Persons with Physical Disabilities.
11. Registered non-profit organizations, municipal transit services or private companies applying for a grant should be able to show that they are, or will be licensed to operate a transportation service for disabled persons in their locality. The applicant shall demonstrate a serious commitment to keeping the accessible transportation service in operation in the long term, once it has been established. Ability NB reserves the right to obtain information from an organization, municipality, or private company on the use of the accessible vehicle.
12. Ability NB does not accept responsibility for work done by the supplier.

SUPPLIERS OF ADAPTIVE EQUIPMENT FOR VEHICLES

This list is provided as a guide and is not an endorsement of those suppliers identified. It is recommended that you consult a qualified professional (i.e.: an Occupational Therapist) in your region to assist in selecting the most appropriate equipment for your needs.
