HOW OUR FAMILIES FEEL

You have been so helpful. You are absolutely amazing, I haven't felt this sure of my thoughts in a long time. What a great group I have learned so much I will come back.

Thank you for the support you give, you and the New Brunswick Adoption Foundation staff have been life-changing for us.

You are a wealth of knowledge. I feel like no one actually understands the layers of kinship. I will never be their mom because their mom is my sister. I will always be their aunt. But I love them like my own, and they love me. It's so nice to have another not-a-mom mom to talk to.
